# Outfit-copy: /steampunk-outfit-ideas-for-women/ (post 699)

Post **699** heder «Steampunk Outfit Ideas for Women: 12 Complete Looks» og bærer i dag **17 af de 21 døde /go/-id'er** der blev målt 6/11 (se produktlink-daekning-2026-11-06.md). Copyen herunder er den version der kan erstatte sidens brødtekst: **hvert /go/-id er slået op i den levende butik 9/11 2026**, hvert beløb er i **DKK**, og de tolv looks er bygget af de tyve produkter kataloget faktisk har — ikke af de 39 der fandtes 25/10, hvor den gamle USD-version blev skrevet.

Den gamle fil var usynlig for værnene (ingen `**H1:**`, ingen Rank Math-tabel) og blev derfor først fanget af `guide_check.py`s klassificeringsregel 9/11. Tallene står i priser-live-2026-11-09.md.

**H1:** Steampunk Outfit Ideas for Women: 12 Complete Looks

A steampunk outfit is not a costume you put on; it is four or five decisions in a fixed order. Get the order wrong — hat first, corset last — and the pieces fight each other. Get it right and the same five pieces make a Victorian duchess on Saturday and something you can wear to work on Tuesday.

This page is the honest version of that: twelve complete looks, each built from pieces we actually sell right now, each with the real price in kroner and a link to the product. Nothing here is styled around a product we have discontinued, and nothing is priced in a currency the shop does not use.

**Quick answer:** the cheapest complete look in this guide is **500,00 kr.** (a hoodie and the copper goggles), and the most expensive is **1.465,00 kr.** (the brass pocket watch, the brocade tailcoat and the top hat). The look most people should start with is Look 1, the Airship Captain, at **1.170,00 kr.** — it is the one that reads as steampunk from ten metres away, and every other look on this page is a variation of its logic.

## The five-piece rule

Every look below is an instance of the same five layers. Learn the rule and you can build a sixth look from whatever is in your wardrobe.

1. **A corset or a structured top.** It sets the silhouette, so it is chosen first and everything else is chosen to match it. Ours are the Steampunk Overbust Corset — Leather Lace-Up [https://steamgears.eu/go/489/] at **400,00 kr.** and the Gothic Overbust Corset — Faux Leather, Silver

[https://steamgears.eu/go/491/] at **435,00 kr.**

2. **One outer layer with a story.** A tailcoat, a frock coat or a hoodie. The Wine Red Velvet Tailcoat — Victorian Frock Coat [https://steamgears.eu/go/493/] is **435,00 kr.** and the Victorian Vampire Tailcoat — Brocade [https://steamgears.eu/go/495/] is **265,00 kr.** — the brocade is the cheaper one and the one that photographs better under warm light.
3. **Goggles, worn somewhere unexpected.** Ours are the Copper Pilot Goggles — Vintage Windproof [https://steamgears.eu/go/477/] at **165,00 kr.** On the hat, around the neck, on a bag strap. Never over the eyes unless you are actually at a con.
4. **One brass object.** A pocket watch, a pendant, a hat. The Time Traveler Top Hat with Goggles [https://steamgears.eu/go/483/] at **335,00 kr.** does the job of two layers at once, which is why it appears in seven of the twelve looks.
5. **Shoes you can walk in.** Boots beat heels, always. This is the one part we do not sell, so it is also the part where most outfits are won or lost.

## The 12 looks

### Look 1 — The Airship Captain (start here)

The look that defines the genre: a fitted corset under a long coat, with the goggles pushed up on the hat.

- Steampunk Overbust Corset — Leather Lace-Up [https://steamgears.eu/go/489/] — **400,00 kr.**
- Wine Red Velvet Tailcoat — Victorian Frock Coat [https://steamgears.eu/go/493/] — **435,00 kr.**
- Time Traveler Top Hat with Goggles [https://steamgears.eu/go/483/] — **335,00 kr.**

**Total: 1.170,00 kr.** Wear the coat open so the corset's lacing shows; that line is the whole point of the look.

### Look 2 — The Clockwork Duchess

Same structure, softer palette: the silver corset instead of the leather one, and the goggles as a necklace.

- Gothic Overbust Corset — Faux Leather, Silver [https://steamgears.eu/go/491/] — **435,00 kr.**
- Wine Red Velvet Tailcoat — Victorian Frock Coat [https://steamgears.eu/go/493/] — **435,00 kr.**
- Copper Pilot Goggles — Vintage Windproof [https://steamgears.eu/go/477/] — **165,00 kr.**

**Total: 1.035,00 kr.** This is the evening version. Silver and wine red is the most forgiving colour pairing in the shop: it works in daylight, in candlelight and in every photograph we have taken of it.

### Look 3 — The Gothic Aviator

Corset, hat, goggles — no coat. Three pieces, and it still reads as a complete outfit because the hat is doing the work a coat would normally do.

- Gothic Overbust Corset — Faux Leather, Silver [https://steamgears.eu/go/491/] — **435,00 kr.**
- Time Traveler Top Hat with Goggles [https://steamgears.eu/go/483/] — **335,00 kr.**
- Copper Pilot Goggles — Vintage Windproof [https://steamgears.eu/go/477/] — **165,00 kr.**

**Total: 935,00 kr.** The trick is to wear the second pair of goggles low, around the collarbone, so the two brass objects do not sit on the same horizontal line.

### Look 4 — The Casual Everyday Steampunk

The look that works on a Tuesday: a graphic tee, the leather corset worn open over it as a layer, jeans and boots. No hat, no goggles, and it still reads.

- Airship Armada — Vintage Engraving Tee [https://steamgears.eu/go/557/] — **180,00 kr.**
- Steampunk Overbust Corset — Leather Lace-Up [https://steamgears.eu/go/489/] — **400,00 kr.**

**Total: 580,00 kr.** Lace the corset looser than you would for a con. It is a waistcoat here, not shapewear.

### Look 5 — The Winter Airship Mechanic

The cold-weather answer: a hoodie under the goggles-and-hat formula, with the hat left at home so the hood has room.

- Clockwork Octopus — Curiosity Hoodie [https://steamgears.eu/go/399/] — **335,00 kr.**
- Copper Pilot Goggles — Vintage Windproof [https://steamgears.eu/go/477/] — **165,00 kr.**

**Total: 500,00 kr.** The cheapest complete look in this guide, and the one we see most often in customer photos between November and February.

### Look 6 — The Vampire Aristocrat

The brocade tailcoat instead of the velvet one, over the leather corset, with the goggles carried rather than worn.

- Victorian Vampire Tailcoat — Brocade [https://steamgears.eu/go/495/] — **265,00 kr.**
- Steampunk Overbust Corset — Leather Lace-Up [https://steamgears.eu/go/489/] — **400,00 kr.**
- Copper Pilot Goggles — Vintage Windproof [https://steamgears.eu/go/477/] — **165,00 kr.**

**Total: 830,00 kr.** Brocade is a heavier fabric than it looks on screen, so keep the corset underneath simple: the leather one, not the silver.

### Look 7 — The Octopus Navigator

A hoodie with the top hat: the loudest pairing on this page, and the one that gets the most comments.

- Clockwork Octopus — Curiosity Hoodie [https://steamgears.eu/go/399/] — **335,00 kr.**
- Time Traveler Top Hat with Goggles [https://steamgears.eu/go/483/] — **335,00 kr.**
- Copper Pilot Goggles — Vintage Windproof [https://steamgears.eu/go/477/] — **165,00 kr.**

**Total: 835,00 kr.** A hat over a hood only works if the hood is down; wear it down and let the hat sit on your hair.

### Look 8 — The Museum Curator

"Smart casual" steampunk: the astrolabe tee, the velvet frock coat and the hat. It is the look to wear to a lecture, a bookshop or a museum, where a corset would be too much.

- Astrolabe Planisphere — Steampunk Tee [https://steamgears.eu/go/1282/] — **530,00 kr.**
- Wine Red Velvet Tailcoat — Victorian Frock Coat [https://steamgears.eu/go/493/] — **435,00 kr.**
- Time Traveler Top Hat with Goggles [https://steamgears.eu/go/483/] — **335,00 kr.**

**Total: 1.300,00 kr.** The most expensive tee in the shop is also the one that survives being worn without a corset, because the print carries the outfit.

### Look 9 — The Tarot Seer

Jewellery-led: the brass pocket-watch pendant is the outfit, and the clothes are there to hold it.

- Clockwork Seer — Brass Pocket Watch Pendant [https://steamgears.eu/go/940/] — **865,00 kr.**
- Victorian Vampire Tailcoat — Brocade [https://steamgears.eu/go/495/] — **265,00 kr.**
- Time Traveler Top Hat with Goggles [https://steamgears.eu/go/483/] — **335,00 kr.**

**Total: 1.465,00 kr.** If you own only one piece from this page and want it to be an heirloom, it is the pendant. It is also the piece that gets worn most often with ordinary clothes.

### Look 10 — The Automaton Engineer

A hoodie and the hat, no corset. Two pieces, and the cheapest way to buy a look that still has a silhouette.

- Mechanical Elephant — Curiosity Hoodie [https://steamgears.eu/go/403/] — **335,00 kr.**
- Time Traveler Top Hat with Goggles [https://steamgears.eu/go/483/] — **335,00 kr.**

**Total: 670,00 kr.** The elephant print is the most "mad science" of the four hoodies and the one that pairs best with brass.

### Look 11 — The Luna Moth Evening

The herbarium print in its most wearable form: the moth tee under the silver corset, both of them doing the "specimen plate" thing the print was drawn from.

- Brass Luna Moth — Clockwork Herbarium Tee [https://steamgears.eu/go/954/] — **530,00 kr.**
- Gothic Overbust Corset — Faux Leather, Silver [https://steamgears.eu/go/491/] — **435,00 kr.**

**Total: 965,00 kr.** This is the look we would put on a poster. It is also the only one where the tee, not the corset, is the expensive piece.

### Look 12 — The Sky Corsair

Pirate-adjacent, but built from the same five pieces: the armada tee, the leather corset and the goggles.

- Airship Armada — Vintage Engraving Tee [https://steamgears.eu/go/557/] — **180,00 kr.**
- Steampunk Overbust Corset — Leather Lace-Up [https://steamgears.eu/go/489/] — **400,00 kr.**
- Copper Pilot Goggles — Vintage Windproof [https://steamgears.eu/go/477/] — **165,00 kr.**

**Total: 745,00 kr.** The one look on this page that works equally well on a woman and on a man, which is why it also appears in our men's guide.

### All twelve at a glance

| Look | Total | Best for |
|---|---|---|
| 5 — Winter Airship Mechanic | 500,00 kr. | cold days, everyday wear |
| 4 — Casual Everyday Steampunk | 580,00 kr. | work, school, errands |
| 10 — Automaton Engineer | 670,00 kr. | gigs, pub, photos in low light |
| 12 — Sky Corsair | 745,00 kr. | pirate aesthetics, summer |
| 6 — Vampire Aristocrat | 830,00 kr. | Halloween, gothic nights |
| 7 — Octopus Navigator | 835,00 kr. | cons, group photos |
| 3 — Gothic Aviator | 935,00 kr. | first con, no coat needed |
| 11 — Luna Moth Evening | 965,00 kr. | dinners, exhibitions |
| 2 — Clockwork Duchess | 1.035,00 kr. | evenings, weddings, portraits |
| 1 — Airship Captain | 1.170,00 kr. | hero look, first purchase |
| 8 — Museum Curator | 1.300,00 kr. | smart casual steampunk |
| 9 — Tarot Seer | 1.465,00 kr. | the full Victorian drama |

### Three pieces that finish any of the twelve

- Clockwork Rose — Herbarium Art Print [https://steamgears.eu/go/965/] — **395,00 kr.**, and its two siblings the Brass Luna Moth — Herbarium Art Print [https://steamgears.eu/go/966/] and the The Raven Chronometer — Herbarium Art Print [https://steamgears.eu/go/967/] at the same price. The moth and the raven are the pair people buy together.

- Brass Luna Moth — Herbarium Phone Case [https://steamgears.eu/go/970/] — **330,00 kr.** The cheapest way to carry the motif if a print does not fit your wall.
- The Aeronaut — Brass Skeleton Pocket Watch [https://steamgears.eu/go/941/] — **1.000,00 kr.** The bigger brother of the pendant in Look 9, and the piece that turns Look 8 into an evening outfit.

### Where this fits in the rest of the site

If you are starting from nothing, read the steampunk costumes hub [https://steamgears.eu/steampunk-costumes/] first — it is the page that tells you which of the guides to read in which order. The steampunk corset guide [https://steamgears.eu/steampunk-corset-guide/] explains how to choose the corset that half of these looks depend on, the women's essentials [https://steamgears.eu/womens-steampunk-essentials/] does the same for the pieces around it, and three budgets [https://steamgears.eu/steampunk-clothing-three-budgets/] shows what the same money buys if you spread it over a year. The men's guide [https://steamgears.eu/mens-steampunk-costume-essentials/] is worth reading even if you are not shopping for a man: it explains the coat-and-waistcoat logic that Look 1 borrows.

### FAQ

**How much does a complete steampunk outfit for women cost?** Between **500,00 kr.** for the hoodie-and-goggles look and **1.465,00 kr.** for the jewellery-led one, at the prices in our own shop. Most people land on Look 1 or Look 4, which cost 1.170,00 kr. and 580,00 kr.

**Can I wear steampunk without a corset?** Yes. Looks 5, 8 and 10 are built without one, and Look 8 is the one we recommend if you want to wear the outfit to work. The hat and the goggles carry the genre on their own.

**What should I buy first if I only have 500,00 kr.?** The goggles at **165,00 kr.** and one hoodie at **335,00 kr.** — Look 5. Those two pieces work with clothes you already own, and the goggles move to every other look on this page.

**Do these outfits work for plus-size women?** Yes, and the lace-up construction is the reason: the two corsets are adjustable across several sizes, and the hoodies and tees are cut unisex. Read the size chart on each product page rather than ordering your usual size.

**How do I stop the outfit looking like a costume?** Keep it to three steampunk elements and one palette — brown, black, wine and brass. One brass object reads as a style choice; four read as a fancy-dress outfit. Look 4 is the proof: tee, corset, boots, nothing else.

### Publishing notes

Copyen er klar til at erstatte brødteksten i post 699. Det der mangler er **skriveadgang**, ikke tekst: indsæt copyen, sæt Rank Math-felterne fra tabellen, og opdatér fremhævet billede hvis 699 skal dele motiv med `steampunk-costume-ideas` (se og-billeder-indlaeg-2026-11-07.md, hvor begge sider bruger `ideas-airship.jpg`). Kør derefter `python3 tools/guide_check.py` som efterkontrol — hvert `/go/`-id skal stadig svare 200 i butikken.
